Ready For A Facelift

ORR Renovation Project Slated to Begin This Spring

This spring, the Old Rochester Regional High School will finally get a new lease on life as the long overdue and forever proposed renovation plans come to fruition with contract bids tentatively set to be accepted after March 24.

Despite what some have perceived to be inactivity on the part of tri-town officials in getting the ball rolling, the ORR Capital Project Committee has been very busy behind-the-scenes in fine tuning the specifics of the project and ranking each aspect in terms of importance and available funding. Though some fringe repairs have been relegated to the back burner in order to stay within the allocated budget, the bulk of the more crucial renovations should be completed within the calendar year if all goes well.

Mattapoisett Selectman and Committee Chairman Paul E. Lambalot has made a point in stressing that the committee's goal has been to stay within the scope of what residents in Marion, Mattapoisett and Rochester specifically approved for the project. "If there were certain jobs that didn't fall into the overall specifications, we didn't include them in the study," he said.

Designed by the firm of Hoyle, Doran and Berry of Boston in 1960, the Old Rochester Regional High School is primarily a one-story, steel building which has served students from the towns of Marion, Mattapoisett and Rochester for the last 34 years. Having been faced with budgetary constraints throughout the last few years, the towns have found it difficult to fund capital repairs and maintenance for the structure on a regular basis and, as a result, the much-needed renovations have been delayed.

Then problems arose in funding the repairs for the regional school when Rochester voters twice turned down the referendum item in 1992 — once at a Special Town Meeting and once via a Special Election — afraid the project would hike their already-escalating tax rate. Through the efforts of ORR parent groups and school committee members, all three towns were finally influenced to approve funding for the renovations at both their Annual Town Meetings and general elections.

Once the $1,392,000 debt was authorized on April 26, 1993, members of the newly-formed ORR Capital Project Committee went to work to determine how the renovations would proceed. Working in tandem with Stahl Associates of Boston to complete a Preliminary Study of the building, the project was broken down into four basic categories — each of which will be considered and bid on separately.

These categories include:

- PROJECT #1: Ceiling Replacement and Removal of Asbestos (Cost: $390,942)
- PROJECT #2: Oil Tank Removal and Replacement of Boiler System (Cost: $298,144)
- PROJECT #3: Installation of Fire Doors and Making the Bathrooms Handicap Accessible (Cost: $106,764)
- PROJECT #4: Auditorium Ceiling Restoration and Lighting Upgrade (Cost: $152,096)
- Total cost of Project #1-4, including a $50,000 contingency amount: $997,946.

Each major project category also includes several alternate projects which must be considered in each contractor's bid. These alternate projects will be undertaken if the bids submitted are within the allocated funds.

Under Project #1, the committee has added a combination of ceiling and lighting replacement for the A1 and A2 wing classrooms and have included the replacement of an asbestos curtain in the auditorium with a new fire curtain at a total additional cost of $327,318. Project #2 also includes the optional installation of a new boiler for the front offices at a total cost of $24,200. Tacked onto Project #3 is the installation of a unisex, handicap-accessible toilet in the A2 wing at a total cost of $7,085.

Though the final estimated project cost will be approximately $1,530,209 with the addition of

design and banking service charges, asbestos testing, and money to cover the bond council, Chairman Lambalot said the committee hopes contractors will come in under bid to allow them to complete as much of the project as possible. "If all the bids come in under budget, we'll be fine," he said. "Otherwise, we'll have to strike one or more alternates to meet our allocated sum."

Keeping in mind the monies already approved, the committee thought it wise to offer alternate projects in the job specifications in case certain contractors came in well under the maximum bid. Committee Chairman Lambalot said this would also allow them some flexibility not only in choosing project alternates, but also in completing each aspect of the job within the summer months.

The committee has tentatively established that the job specifics and drawings will be available after 2:00 pm on March 24 at the high school, with a bid deadline set for April 28 (10:00 am for Project #1, 1:00 pm for Project #2, 2:00 pm for Project #3, and 3:30 pm for Project #4).

Chairman Lambalot noted that once the bids are received and contracts are awarded, the initial work on the boiler replacement should begin in the spring, with the remaining project set to start by the end of June and be completed before classes resume in September.

If all goes as planned, students and faculty will be returning to a new and improved ORR High School next fall ... and residents of the tri-town area can feel confident that their children are safe inside a structurally-sound building.

March 1, 1994

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, March 1 at 6:00 pm by Chairman John N. DeCosta. Also present were Selectman Daniel O. Mahoney, Selectman Paul E. Lambalot, and Executive Secretary Carol J. Adams.

At 7:00 pm, they reconvened in regular session and met with Gerry Charest, Project Development Director for Tibbetts Engineering Corporation, to accept and ratify the contract for Engineering and Design Services for the North Street Reconstruction Project. Mr. Charest noted that the board had to sign copies of the contract to be sent the Massachusetts Highway Department to ensure that the project meets their specifications for funding under Chapter 90. The board thereby signed and approved the contract and agreed to meet with Mr. Charest and other representatives of his corporation in the next few weeks to discuss project specifics.

After approving the minutes of the February 22 meeting and the Executive Session minutes for the same date, the board signed payroll, bills, licenses, permits and outgoing correspondence for the week. They then unanimously voted to reappoint Brian D. Nunes as Inspector of Animals/ Dog Officer/Shellfish Officer for the town for another year.

The board also sent correspondence to the Army Corp of Engineers regarding funding for various herring restoration projects in town.

Selectmen also signed and approved an agreement between the American Federation of State, County and Municipal Employees (Council 93, AFL-CIO) and the Town of Mattapoisett for town clerical workers. The new contract will take effect on July 1, 1994.

At 7:30 pm, the board held a Pole Hearing upon the request of Com/Electric to relocate poles along Old Mattapoisett Neck Road, south of Whalers' Way, so the electrical lines could be re-routed. There being no abutters present to contest the relocation, the board unanimously approved the request.

Chairman DeCosta then noted the following meetings scheduled throughout the week:

• Wednesday, March 2, 2:00 pm — Presentation of Boston Post Cane to Mr. Casmiro Pina at the Mattapoisett Nursing Home.

• Wednesday, March 2, 10:00 am — Meeting with Diane Crowe regarding SRPEDD ISTEA Funds

Manager Carol Ditata assured Mr. Tuxworth that the SportsChannel will continue to be carried on Continental Cablevision at the present time — they had simply sent notification to some customers to gauge their interest in the channel.

Town Clerk Lois Ennis submitted a formal request to the board for permission to purchase a compatible color computer monitor for use with her system. The cost would be approximately $350 and would be taken from available funds in her budget. Selectman Mahoney moved to approve her request, which was unanimously passed by the board.

A. David Rodham, Director of the Massachusetts Emergency Management Agency (MEMA), announced that the Commonwealth has decided to participate in storm reimbursement for the Blizzard of 1992 and the Blizzard of 1993. Governor Weld has approved reimbursement of 12.5 percent of communities' total eligible claim.

Resident Bill Matthews of Acushnet Road wrote to commend the board for their consideration of a recreational trail along the old railroad bed. "I would urge you to continue to pursue this matter, which I am sure you recognize as one of the elements brought out in the Growth Management and Land Use Plan of 1989, undertaken by the Planning Board," he wrote.

which was cancelled on February 23 due to inclement weather, will need to be rescheduled. The Rochester board has advised them that they cannot meet on Monday or Wednesday evenings, so that limits scheduling to Thursday or Friday night (Mattapoisett and Marion meet on Tuesday). Thursday, March 31 was proposed as the next viable option, and will be presented to the other boards for consideration.

Ms. Adams also noted that Taylor Seafood, Inc. submitted their annual Aquifer License fee of $2,500 for the year, and informed the board that a representative for Sen. Marc Pacheco will hold hours at the Mattapoisett Town Hall on Thursday, March 3 between 4:00 and 6:00 pm in the Board of Selectmen's office.

Selectmen Mahoney mentioned that he'd like the board to consider placing an article on the upcoming Annual Town Meeting warrant to disband the Personnel Board and have all non-union town employees fall under the jurisdiction of the Board of Selectmen. "If we take this on officially, we'll have to meet with the various departments and discuss this with them," he said.

Selectman Mahoney also discussed repairs that needed to be made on Angelica Avenue, near the intersection of Point Connett. "There are some tremendous potholes in the road," he said.

"(Highway Surveyor) Wes Bowman has that road on his list of those to be repaired," noted Chairman DeCosta. Selectman Lambalot also noted they may have to consider temporary repairs to North Street before the reconstruction commences. "We're looking at two years down the road before the project is complete," he said. "We might have to consider doing some temporary patchwork on it."

Marion Selectmen's Meeting

March 1, 1994

By Bethany Morgan

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, March 1, 1994 at 7:08 pm by Chairman James S. Dougall. Also present were Selectman Loretta B. Schaefer, Selectman Albert E. Winters, Executive Secretary Ray Pickles, and Secretary Helene Craver.

The board first met with Joseph P. Zora, Jr. regarding Mr. Zora's concerns relative to his parent's ownership of a parcel of land described as Lot 24, Plan 24. Mr. Zora voiced two concerns: the first questioned the authority of the Conservation Commission regarding said plot of land as described in Article 40. According to Article 40, Mr. Zora contended, the Conservation Commission has control, pertaining to the Commission's duties, over the parcel.

The problem, Mr. Zora states, stems from the lack of description separating town-owned property and privately-owned property for said parcel. Selectman Schaefer read Article 40 to Mr. Zora and concluded that because the jurisdiction of the plot refers to 103 acres and not to the full 136 acres, Mr. Zora's property is excluded from the Conservation Commission's jurisdiction under Article 40.

The second issue questioned the location of boundaries for property owned by the town and Mr. Zora. Mr. Zora states that because the Assessors Map

does not define the property boundaries, Mr. Zora's ability to sell the property. A right of a property owner, he reminded the board, has been infringed upon.

Mr. Zora also stated that because the Assessors do not have a true description of the land, the assessment base for taxes includes Lot 24, Plan 24 in its entirety. Executive Secretary Ray Pickles reported that when a title search was conducted for nearby properties, a map was discovered which determines the boundaries in question and attempts are currently underway to uncover the location of said map. Chairman Dougall said the board required more time to research this issue before they could proceed any further. "I think we are moving in the right direction," he said.

Mr. Zora then inquired as to the standing of abutters' liabilities regarding the use of the easement during construction and/or maintenance of the run-off outflow and its affected stream. Mr. Zora expressed his dissatisfaction concerning the wording of the permit. The board said it would look into this matter further and confer with Town Counsel.

The board next met with David Sampson, Superintendent of the Upper Cape Cod Regional Vocational Technical School District, regarding budgetary issues. Mr. Sampson stated, with regret, that the budget has yet to be voted on, but he was able to present the board with an estimated cost of Marion's share. Mr. Sampson explained that due to

The board then approved the minutes of the February 22 meeting of the board and signed the treasury warrant for the week.

The board next discussed a proposal by Guido's Plate Glass Service, Inc., to install enclosures at the Town House front entrances for consideration on the next Annual Town Meeting warrant. Selectman Schaefer expressed her hesitation and suggested the board table the matter. Mr. Pickles

said the structure would be permanent and that the icicles the structures are intended to shield would be damaged by them. Selectman Winters suggested the board look into alternate methods, including the continuation of blocking the right entrance, which presently poses the most danger. Mr. Pickles agreed to look into alternate methods.

Correspondence for the week included:

• Attorney Kevin J. Finnerty sent notification to the board that his client, Ms. Beverly J. Wilson, has filed a Petition For Review of Restraining Order, pursuant to Massachusetts General Laws, Chapter 140, Section 157. Ms. Wilson is appealing the board's recently-imposed restraining order on her dog.

• Richard W. Murphy sent notice that the Cable Advisory Committee meeting has been postponed and will be held Monday, March 14, 1994.

• Steven J. Horvitz, Attorney for Continental Cablevision, sent the board a copy of a response to a complaint filed against his client.

There being no other matters to come before the board, they unanimously voted to adjourn for the evening at 8:30 pm.

Rochester Selectmen's Meeting

February 28, 1994

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, February 28, 1994 at 7:00 pm by Chairwoman Lorraine Roy Hawkes. Also present were Selectman David L. Hughes and Administrative Secretary Shirley A. Ferreira. Due to a sudden illness in the family, Selectman Michael Murphy was unable to attend.

After approving the minutes of the February 22 meeting, Chief of Communications Scott Ashworth came before the board to discuss vacation and compensation time which had been given to one of his employees. Chairwoman Hawkes opened the dialogue by saying she had some questions and discrepancies regarding Dispatcher Elmer Lawrence's vacation time for 1994.

"From what I can see, he was given six weeks of vacation time in the 1994 calendar year," she said. "I'd like to know where the additional two weeks came from."

Mr. Ashworth explained that in November of 1993, Mr. Lawrence informed him that he had been short-changed two weeks of vacation time in 1989, and he asked if he could take it in the current calendar year. "There wasn't anything in the Personnel Policy back then which said the vacation time had to be used within the same year," Mr. Ashworth said. "So, as department head, I decided to rectify the situation and gave him the two weeks this year."

Chairwoman Hawkes then quoted a section from the town's Personnel Policy regarding vacation time, noting that any vacation time not taken within the same calendar year shall be forfeited and may not be carried over to the next year.

"Are you familiar with this policy?" Chairwoman Hawkes asked.

"I know what it says," Mr. Ashworth replied.

"But these changes were made in mid-stream ... (Mr. Lawrence) was owed this time before that went into effect."

"It's my opinion that those two weeks of vacation time should never have been granted," Chairwoman Hawkes said. "Other departments have come before this board and requested additional vacation time and have been denied. I'm trying to ascertain why some departments feel they are privileged and don't have to make requests through this board."

Selectman Hughes concurred with his fellow Selectman. "If it was owed to him in the beginning,

he should have requested it then," he said.

Chairwoman Hawkes then noted that she had reviewed all of the payroll records concerning this matter and she wasn't satisfied with the record keeping. "I think it needs to be recalculated and if there is additional time that he didn't work, he may have to work without salary to make up for it," she said.

Chairwoman Hawkes advised Mr. Ashworth that in the future he bring any requests for vacation or compensation time before the board to avoid these complications.

At 7:15 pm, the board met with Police Chief Walter V. Denham and Officer James Wassmouth concerning a question from Town Accountant Claudette Coutu about the 6:00 to 2:00 shift.

"The six to two shift is listed in the (police) contract," Officer Wassmouth said. "When it is open, it is offered to full-time union officers first. If no one wants to work it, then the Chief decides how to fill it, or to leave it open."

In a letter he sent to clarify the situation, Officer Wassmouth also noted that the 10:00 to 6:00 shift on Thursday and Friday is not a contract-listed shift, and has never been filled with overtime. It remains left open when the officer on that shift is out sick or on a day off.

Ms. Coutu just wanted to make sure that the town was abiding by the stipulations of the contract, which stressed that all shifts should be accounted for in dispersing payroll. "I just wanted to make sure we weren't supposed to have those shifts filled with union employees," she said.

Officer Wassmouth then presented the board with a $5,000 Bonding Certificate to cover weekly payroll for the Police Brotherhood employees. Selectman Hughes moved that they accept the bond and turn it over to Town Accountant Claudette Coutu, which was passed via majority vote of the board.

Before continuing with regular business, Chairwoman Hawkes noted that since Selectman Murphy was unable to attend the meeting this evening due to family illness, they would not be discussing the ongoing matter of Police Chief Walter V. Denham's written reprimand concerning the purchase of a computer in 1991. "We're not going to deal with this matter until (Selectman Murphy) is present," she said. "So if you've come tonight for that purpose, I apologize."

Chairwoman Hawkes also noted that she is not prepared to sign the payroll warrant for this week, as she neither condones nor agrees with the salary being paid to Dispatcher Elmer Lawrence as

per their earlier discussion. "I'm really caught in the middle here," she said after the meeting. "But I don't want to set a precedent." She advised Selectman Hughes — who did sign the warrant — that he could contact Selectman Murphy to come in and sign it if he wanted everyone to receive their checks for the week.

Under correspondence for the week, the board received a letter from Marilyn DeMoura, Council on Aging Director, asking that the town participate with the COA in a presentation forum on "Aging in Rochester in the Year 2000." Selectman Hughes moved that the Board of Selectmen participate in this event, which was passed via majority vote of the board.

Chairwoman Hawkes then noted an invitation was received for board members to participate in the "Men Who Cook" benefit to be held on Saturday, April 9 from 5:00 to 9:00 pm at New Bedford Voke. The event is sponsored by the New Bedford Women's Center. The board then signed and approved via majority vote a bonding certification for Town Treasurer Doris Boucher in the amount of $84,000.

Under Old Business, Selectman Hughes noted that the following roads had been discontinued for purposes of maintenance in town through a two-thirds vote taken at the Annual Town Meeting in 1981: Old Middleboro Road, Parlowtown Road, Featherbed Lane, Snow's Pond Road, Haskell Lane, Towser's Neck Road, Perry's Lane, and Bates Road.

"These are the roads that were discontinued for the purpose of maintenance," he said. "All other roads owned by the town should continue to be maintained and plowed."

Selectman Hughes told Highway Surveyor Jeff Eldridge — who was present at the meeting — that he should continue to maintain all other town-owned roads. Chairwoman Hawkes asked if he wanted to get an opinion from Town Counsel on this matter, but Selectman Hughes noted: "Personally, I don't think it's worth spending the money on."

But Chief Denham said he had a question about Parlowtown Road, which has been blocked off with a gate. "I think we should get a legal opinion on that road in order to allow access to fire and police personnel," he said. The board then moved that an opinion be given specifically on this road.

Chairwoman Hawkes noted that she had spoken to Town Treasurer Doris Boucher earlier and as of today Vaughn Hill Motors had not paid their taxes for February. As a result, she asked that the board schedule a hearing to revoke their license. The hearing was then slated to be held on March 21, and will be duly advertised.

There being no further matters to come before the board, they voted to adjourn for the evening at 7:45 pm.

Letters to the Editor

To the Editor:

The Mattapoisett Recycling Committee and Board of Health are currently accepting bids to pick up the town's curbside recycling contract. Mattapoisett is the only area town which hasn't yet started this necessary program to improve the environment.

It is essential that Mattapoisett have Curbside Recycling in place very soon. Please come and vote "YES" for Curbside Recycling at the May Annual Town Meeting.

Our committee meets at 7:30 pm on the second Thursday of each month at the Town Hall. Come and join us!

and harp featuring Jeanne Grady and Thom Dutton at 4:00 pm. Ms. Grady was born in Boston where her grandfather, Harry Tafe, and mother, Barbara, sang locally. From Mansfield, MA where she grew up, Jeanne went to Boston College and received a Bachelor of Arts degree. Jeanne also holds a Master of Music in Voice Performance from Boston University's Graduate School of Fine Arts. In addition to training and performing in Italy, Jeanne has appeared in musicals, light operas and recitals throughout eastern Massachusetts. Currently, Jeanne is on the adjunct faculty at Cape Cod Conservatory.

The spring of 1994 will mark the release of Jeanne's first professional recording. Titled "I Know Where I'm Going," it features Celtic music for voice and harp accompaniment including such favorites as "Molly Malone" and "Last Rose of Summer."

Jeanne, her husband Steven Prendergast, and three-year-old son Patrick now reside in Wareham. Area residents may remember her performance in the Gateway Players in 1988 in "The Last of the Red Hot Lovers."

Thom Dutton, sometimes billed as "The Troubadour Harper," plays a Lyon and Healy Troubadour III gut and nylon strung folk harp. Thom has a Bachelor's Degree from the Houghton School of Music and has won numerous awards in harp competitions. In addition to performing, Thom works as a musical director and arranger. His solo recordings include "Cape Cod Ballads" and "Celtic Charms."

Tickets for this special concert are $7.50 for members and $9 general admission. Refreshments are included in the ticket price. Reservations are recommended and can be made by calling 748-1266.

State Passes New Bicycle Helmet Law

Effective March 8, 1994, Massachusetts Law will require that children twelve and under who are operators of, or passengers on, a bicycle wear a properly fitted helmet with a secure head strap while riding on public ways and/or property.

The new law, which was signed and approved by the state House of Representatives and Senate on November 29 of last year, defines approved helmets as those that meet the current or subsequent standards established by the American National Standards Institute or the Snell Memorial Foundation (1984 standard for bike helmets).

Helmets that meet these standards have certification labels from these firms inside.

Other key provisions of the new law include:

• operators of bicycles and their passengers must have separate seats that are permanently attached to their bicycles

• children between the ages of one and four years, or weighing 40 pounds or less, may *not* ride as a passenger on a bicycle except in a "baby seat" that is securely attached to the bike's frame

• a baby seat attached to a bicycle must enable its occupant to sit upright, have a harness to hold the occupant securely in place, and offer protection against the occupant's feet and hands hitting the spokes of the bicycle

• children under the age of one year may *not* ride as a passenger on any type of bicycle

• the requirement that children twelve and under must wear a helmet on a bicycle does not apply to those riding on private property, only those riding on public property

• there are no civil or criminal fines for violating any provision of this law.

Since 1984, over 3,000 children between the ages of six and twelve years were injured in bicycle-related crashes in the Commonwealth. Less than 100 of these children were wearing bike helmets. An average of 1,650 bicyclists of all ages are injured each year in traffic crashes in this state. Bike helmets have been shown to reduce the risk of head injury by 85 percent and the risk of brain injury by almost 90 percent.

Massachusetts joins seven other states which have previously passed bicycle helmet laws. These include California, Connecticut, Georgia, New Jersey, New York, Oregon, and Tennessee. Questions regarding this legislation should be directed to Brook W. Chipman at the Governor's Highway Safety Bureau at (617) 727-5073.

Rep. Straus to Hold Legislative Hearing in Fairhaven

Rep. William Straus announced the scheduling of a legislative hearing of the Fisheries Subcommittee of the Massachusetts Legislature to be held on Friday, March 11 at 10:00 am in the Fairhaven Town Hall. The Subcommittee on Fisheries, which is chaired by Rep. Straus, will be taking testimony on House Bill 3046. In addition to Rep. Straus, the legislative panel will include other members of the full Joint Committee on Natural Resources and Agriculture.

Rep. Straus introduced House Bill 3046 this session. The legislation is directed to several fisheries issues affecting fishing ports in Massachusetts. The bill would fund and authorize demonstration projects for the expansion of marine habitats through the use of artificial reefs; the bill also establishes a program for the development and marketing of underutilized species of seafood which could be harvested by local fishermen. Both programs would be established as a part of the expanding marine and aquaculture programs at the University of Massachusetts Dartmouth.

Rep. Straus also announced his intention to amend the bill to include a feasibility study for the establishment of a display auction at the port of New Bedford for the sale and marketing of seafood by boatowners. A display auction, now in use for seafood landed in Portland, ME, allows boats to visually display and offer for sale to buyers different species of fish landed at sea.

"A display auction would not affect fishing stocks," Rep. Straus said. "But it could offer an open market and pricing system for the boatowners. A feasibility study, including an assessment of the workings of the display auction in Portland would bring the concept further along for our port."

The March 11 Public Hearing will be held in the Selectmen's Meeting room on the first floor of Town Hall in Fairhaven and is open to anyone who

Mime/Musician to Perform at Old Hammondtown

Through the Marge Ghilarducci Agency, the Mattapoisett PTA is pleased to be able to bring Scot Cannon to Old Hammondtown School on Monday, March 7 at 9:45 am. The performance will be for Grades 4 - 6.

Mr. Cannon is a mime, musician and former junior high school teacher. He will present a 45-minute program titled "Open the Door," which deals with the subject of conflict resolution. Through mime, music, sound effects, dialogue and interaction with students, Scot will provide children with positive ways to handle their anger. This program has received rave reviews.

The Mattapoisett PTA hopes that the students will enjoy and learn from this unique presentation. We ask that parents who are planning to attend not bring additional children to the performance as it is designed specifically for Grades 4 - 6.

Rochester Telephone Directory is issuing a last call to all its current advertisers and would-be advertisers to get their copy in for this year's issue.

The schedule is tight as the League of Women Voters, the publisher of the annual edition, aims to have this useful tool in the hands of all Tri-Town Postal Patrons by the start of the summer season. This approach provides the greatest exposure for the "blue book" advertisers and targets summer as well as year-round residents ... but it does require strict adherence to deadlines.

Copy should be sent to LWV Phone Book, 42 Stoney Run, Marion, MA 02738. Business cards are fine. If more information is needed, phone Claire Russell at 748-2542.

Funeral Planning Talk in Rochester

Sumner James Waring III, an area Funeral Director, will speak on March 15 at 1:00 pm at the Rochester Town Hall on a topic which we all need to know more about: funeral planning.

Death care services; rites and ceremonies associated therewith; traditional, adaptive and personalization options; cost; advance planning and advance funding through funeral insurance or cash trusting ... these and other topics will all be thoroughly explained by him and his associate. They will welcome questions and have informational literature available for those who attend. Refreshments will be served.

Mr. Waring is a fifth generation member of his family to continue Waring's Affiliated Family Funeral Homes, which was founded 123 years ago in 1871 in Fall River. Recently, Sullivan-Waring's Fairlawn Mortuary of Fairhaven, Brooklawn and Dartmouth Funeral Homes of New Bedford and Dartmouth, respectively, have joined his affiliation of family funeral homes.

J. S. Waterman and Son's Eastman-Waring Service of Boston is also a member of the group offering area families the convenience of a locally-owned firm in our Commonwealth's capital city should families have need for help when death occurs in a Boston area hospital or throughout the world where air transfer via Logan International Airport becomes necessary.

A lifetime area resident, Mr. Waring's family first resided in Marion in the latter 18th century, after which they summered in Marion. He and his family have summered in Mattapoisett for many years. The talk is sponsored by the Rochester Council on Aging.

Fun Family Concert in Marion

On its 17th anniversary last year (March 20, 1993), Jonathan's Sprouts sponsored a Free Family Concert which was open to all. The event was a great success and was warm, bright and cheerful — in sharp contrast to the gray skies and rain outside.

This year, the company is planning a second Family Fun Concert on Saturday, March 19 at 1:00 pm at the Tabor Academy Center for Performing Arts. An optional admission charge to the event of $1 will benefit the Child and Family Service of New Bedford, which assists areas from Westport to Wareham.

Performers this year include Garry Krinsky, a new vaudeville performer, juggler, balancing specialist and storyteller; and Jonathan Sprout, who is returning with his audience interaction and song performance. For more information on this exciting event, please call Megan Tarini at 763-2577.
